

got mold?

Publication 1614 Rev 0407

Quick!

Take a sample with the

QuickTake 15

- **Ideal for mold sampling**
 - Designed specifically for the short sampling times for mold screening
 - VersaTrap fits easily onto pump inlet
- **Grab sample pump with constant flow from 5 to 15 L/min**
 - Maintains set flow throughout a sampling period for complete sample integrity
 - Ideal for use with spore trap cassettes such as VersaTrap or Air-O-Cell, wall sampling devices, or filter cassettes including microvacuum cassettes
- **Run times up to 4 hours on one battery charge**
 - AC charger/adaptor for extended sampling
 - Reliable rechargeable lithium-ion (Li-Ion) battery pack
- **Compact and portable**
 - Easy hand-held operation
 - Lightweight, only 32 ounces
- **Convenient programmable timer for unattended sampling**
 - Select sample time presets or customize timer from 1 to 999 minutes
 - Continuous run with manual shut-off
 - Intermittent sampling
 - Large, easy-to-use keypad
- **Versatile sampling accessories**
 - Tripod stand for measurements at breathing zone
 - Wand for ductwork and other hard-to-reach areas
- **Easy to use**
 - No-tool calibration
 - End-of-cycle visual and audible alarms
- **Simple calibration using any reliable calibrator**
- CE approved

QuickTake™ 15 Applications

- Sampling mold
- Indoor Air Quality (IAQ) investigations
- Clean room monitoring
- Particulate sampling
- Monitoring mold growth in wall cavities
- Carpet sampling

QuickTake 15 Sample Pump Ordering

Description	Cat. No.	
QuickTake 15 Sample Pump with charger	115V	228-9515
	230V	228-9515B
QuickTake 15 Sample Pump with Rotameter includes battery pack, AC charger/adaptor (115V), shoulder strap, and cassette and tubing adapters		228-9515A
QuickTake 15 Pump Kit includes pump as described above, sampling wand, tripod stand, and deluxe carry case	115V	228-9515K
	230V	228-9515KB
Accessories		
Sampling Wand, telescopes to 34 ins for ductwork and hard-to-reach locations. Includes 6-ft of tubing.		228-9521
Tripod Stand, telescopes to 5 ft		225-9536
Rotameter for QuickTake 15		320-100
